

## GlobalMeet Webcast

# Take Your Web Events to the Next Level Host Professional-Quality Webcasts in Minutes

### Highest Quality Video

Reliable message delivery without network interruption

### Versatile Delivery

Increase your ROI with live, on-demand and simulive events

### Global Scalability

Host events with multiple presenters and no participant caps

GlobalMeet Webcast is an intuitive, enterprise-grade streaming solution built to flawlessly deliver your most important events. Whether your need is for a global town hall, an investor meeting or a high-profile marketing or training event, GlobalMeet Webcasts allows you to create, host and record professional-quality webcasts to hundreds or thousands of viewers anywhere in the world, on any device. With GlobalMeet Webcast, multiple presenters can interact and engage with attendees and benefit from powerful analytics to measure success.

### Simple, High Quality Events

GlobalMeet Webcast's easy-to-use interface provides the customizations, in-product functionality and global capabilities to scale your event to any size audience on any device. Choose a self-service experience for a do-it-yourself approach or fully managed services for complete end-to-end event support. Either way, you'll have 24/7 live access to our award-winning event experts to ensure your event runs smoothly.

### Robust Functionality for Impactful Events

The GlobalMeet Webcast platform allows you to confidently deliver your most important events by utilizing the highest quality video and audio technology to ensure flawless events without network bandwidth interruption. Advanced host controls, robust reporting and interactive engagement tools ensures your audience is captivated and success is measured.

### High-Quality Video Streaming

Ensure your message is delivered with a reliable HD video experience without bandwidth disruption.

### Intuitive Platform

Do-it-yourself with the easy-to-use setup wizard or access fully managed event services.

### White-Glove Event Services

Take all the stress out of your event with full event management from our experts including set up and customization, advanced training, event moderation and more.

### Customized Branding

Create branded emails, custom registration landing pages and graphics to showcase your brand - not ours.

### Unmatched Scalability

Create and host an event for an unlimited audience from any device using a single URL.

### Versatile Delivery

Broadcast live events or edit and re-purpose recorded material for a simulated live event or on-demand viewing.

### Audience Engagement

Attendees can interact with presenters via live Q&A, polling and social media feeds.

### Live Event Support

24/7 technical support including live chat with our award-winning event experts.

### Robust Reporting

Measure success and improve future events with instant, 24/7 access and automatic notifications to event metrics.

### Advanced Administrator Controls

Manage presenters, participants and content from an easy-to-use control panel to ensure a smooth, flawless event.
